

ESTATE PLANNING BASICS

Are you prepared?

You are invited to a free presentation to learn about:

- Basic estate planning and its importance
- Differences between a Living Trust and a Will
- The importance of having an advance healthcare directive and durable power of attorney.
- How to nominate a guardian for your minor children.
- Ways to protect your loved ones from squandering their inheritance
- The importance of ensuring that your parents have an estate plan

Presented by local attorney, Melinda Ellis, who has practiced in the area of Estate Planning, Trusts, and Probate for over 13 years.

Ms. Ellis will be available after the presentation for questions regarding estate planning, as well as probate and conservatorships.
