APPENDIX E

Sick Leave Donation Program

The District and the Teachers Association of Long Beach agree to the implementation of the following Sick Leave Donation Program. This program shall be available to all members of the bargaining unit. The District and the Association further agree to review and evaluate the effectiveness of this plan after a full year has elapsed following the ratification of this contract by both the Association and the Board of Education. The purpose of the Sick Leave Donation Program is to provide assistance to bargaining unit members suffering from a catastrophic physical illness or injury. The Sick Leave Donation Program provides employees with an opportunity to be restored to health so they can return to work.

Definitions

As used herein the following definitions are agreed to in reference to the Sick Leave Donation Program.

Work Day: A work day, for the purposes of this Article, is a day when designated parties to the approval process are at work for all or part of the day.

Donation Day: A donation day is defined as eight (8) hours for all employees.

Pay: Pay is defined as the employee's regular daily rate excluding compensation for additional hourly assignments.

Sick Leave: Sick leave available for donation is defined as the employee's accrued monthly sick leave pursuant to Article VII of the Agreement. Accrued hourly sick leave is excluded from any donations to the program.

Extended Sick Leave: These are additional days of sick leave which have been donated by other District employees, both bargaining unit members and employees who are not members of the bargaining unit, from their own accrued monthly sick leave balances. These days of additional leave may be used to extend the recipient's sick leave and this leave may be taken on either consecutive or non-consecutive dates. The extended absence of the recipient must be due to the same illness or injury, conforming to the requirements for use of statutory sick leave. Illness or injury which qualifies as Workers' Compensation Leave is excluded from this program.

Catastrophic Illness or Injury: Catastrophic illness or injury is defined as an illness or injury that has been concisely identified as such by the treating physician; the medical prognosis is the employee will be incapacitated for an extended period of time; and the employee's absence exceeds the individual's accrued paid leave.

1 **Eligibility Requirements for Leave Recipients:**
2

- 3 1. A bargaining unit member is eligible for extended sick leave if
4
5 a. he/she has exhausted all of his/her accrued paid leave, which includes but is not
6 limited to sick leave;
7
8 b. he/she is suffering from a catastrophic illness or injury that is expected to incapacitate
9 him/her for an extended period of time;
10
11 c. the incapacity suffered by the employee requires him/her to take time off from work
12 beyond the number of days covered by the employee’s accrued paid leave, and a
13 financial hardship would result for the bargaining unit member.
14
15 2. The maximum number of days which a recipient may receive for the same illness shall be no
16 more than the total number of duty days in the employee’s work year.
17
18 3. Sick leave accrued by the recipient during the time he/she is on extended sick leave shall be
19 credited against the employee’s days of absence. These days are in addition to the maximum
20 number of days of extended sick leave which the recipient is entitled to receive.
21
22 4. Unit members receiving remuneration under worker’s compensation provisions shall not be
23 eligible to draw extended sick leave.

29

30 **Guidelines for Donor Participants:**
