

**John Olgin
For
TALB Vice President**

I have been an educator in LBUSD for 25 years. I have served on the TALB Executive Board for six years as Treasurer, where I gave financial reports to the E-Board and Rep Council. As Treasurer I also served on the Finance Committee. Currently, I am a member of the Calendar and Steering Committees. For the past five years and counting, I have been serving as CTA Rep where I have represented our District I in Early Childhood Studies, Health and Wellness, and Student Support Services Committees. Currently, I am also lead organizer of the TALB Beer Club which is designed to bring TALB members together in a social setting. I hope to continue to diligently and thoroughly serve my constituents at TALB as Vice President, and advocate for those who feel they have been silenced.
